

3 Courses

Introduction to the Biology  
of Cancer

Understanding Cancer  
Metastasis

Understanding Prostate  
Cancer

Aug 1, 2024

**King Wa TAM**

has successfully completed the online, non-credit Specialization

## Cancer Biology

Congratulations! You have completed all three courses of Cancer Biology - a Johns Hopkins University Specialization. As part of this Specialization, you have learned the essential skills and concepts of cancer biology, including an introduction to cancer, cancer metastasis, and prostate cancer risk factors. You are now equipped to apply a deeper understanding of cancer biology in your work, having learnt about the theories of metastasis, cancer staging and treatment, current prostate cancer screening guidelines and treatments, and much more!

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Haley Axelrod  
Graduate Student  
Department of Urology

Jelani Zarif  
Postdoctoral Fellow  
Brady Urological  
Institute

Kenneth J. Pienta, M.D.  
The Donald S. Coffey  
Professor of Urology  
Professor of Oncology  
The James Buchanan  
Brady Urological  
Institute  
The Johns Hopkins  
University School of  
Medicine

Kenneth Valkenburg  
Fellowship Recipient  
Department of Urology

Sarah Amend  
Postdoctoral Research  
Fellow  
The James Buchanan  
Brady Urological  
Institute
